AFRICA HOSPITALITY FRENCH CONSORTIUM

Sam BAHSOUN (France Kitchen), member of Club Stratexio Ile-de-France, is the founder of the Africa Hospitality French Consortium (AHFC).

AHFC is a French Hospitality consortium providing a joint response to the supply of services and products for hotels in Africa.

Business overview :

Created in 2008, France Kitchen was born from Sam Bahoun's knowledge of the African market and the know-how of two renowned French manufacturers, Charvet created in 1934 and Tournus created in 1910.

The company designs and manufactures professional kitchen equipment (preparation, cooking equipment, dispensing equipment, bakery and pastry equipment, cold kitchen and laundry equipment) for hotels and collective or commercial catering.

A French company with expertise in professional kitchens that offers high quality catering equipment. It meets the most demanding needs, while maintaining an optimization of the budget with the best saving engineering, to satisfy the most demanding customers throughout the world.

From the design to the installation of each project, France Kitchen accompanies, and also offers an exceptional maintenance and after-sales service.

Company : GAUTIER
Represented by : David SOULARD
Website : www.gautier.fr

Business overview :

Created in 1960 in the west of France, the Gautier group remains independent today and is managed by the Soulard family. Our 3 manufacturing sites located in France, in the heart of the Vendée region, and equipped with state-of-the-art industrial tools, ensure our production: a skilful blend of traditional know-how and industrial excellence.

Our ISO 9001 (1991) and ISO 14001 (2006) certifications highlight our quality management, a guarantee of our passion for a job well done. Furthermore, our QSE and CSR actions are confirmed by the LUCIE label in 2022 (based on the ISO 26000 standard).

We are committed to preserving the planet's resources, particularly through the development of the circular economy = our furniture is 100% eco-designed, using 50% recycled wood and 50% certified wood.

Our strengths:

We offer a wide range of products (living, dining, bedrooms, furnishings & storage, offices, meeting rooms, social areas, etc.), through different ranges and price positioning, and via several distribution channels in France and internationally (Franchise shops, Specialised Distributors, Contract Projects, Tenders, etc.). We have many years of approved and mastered logistical expertise, thanks in particular to our recognised experience in major exports (Africa, UAE, Europe, New Caledonia, etc.). We are able to offer multiple customisation possibilities for all types of projects and are able to follow up your projects with a dedicated expert advisor.

Creation date : 1960

Location : Le Boupère (85 - Vendée)

Turnover : 120 M€

Export turnover : 24 M€

Staff : 750 people

Export areas : Europe, Afrique, Emirats Arabes Unis ...

Projects & achievements :

Our latest achievements have mainly been in the field of head office fitting out. From small structures (MASSE CHARPENTE - France (85) = 25 workstations), to larger companies (MACONS PARISIENS - Paris France = 100 workstations, PARTENORD HABITAT - France Lille (59) = 240 workstations). These projects have allowed us to express our skills by placing cosy furniture elements (= GAUTIER) in these "office" environments. Our GAUTIER products, linked to our ability to adapt to customer demand, have also enabled us to carry out HOTEL fittings (LE GRAND TURC - France (85) = 45 rooms) or HOTEL Residences (LES CITADINES - France Strasbourg (67) = 100 rooms).

Company : EASYTEX - SUBRENAT
Represented by : Albane ROUX
Website : www.easytexshop.com

easytex
Welcome simplicity

Business overview :

From 1937 to today, Subrenat has adapted and has been innovative to provide various industries with technical and custom-made textiles.

Based on this expertise, Easytex was created 20 years ago to offer facilitating solutions for hotels, resorts, holiday parks, and every other hospitality professionals. Through one-stop shopping, we provide mattresses, pillows, duvets, protectors, and bed & bath linens.

What makes Easytex different is that we have built our product portfolio with our key accounts, such as Accor, Louvre Hotel Group, and Best Western. Starting from their issues, we created the perfect cost-effective & time-saving solutions.

Our baseline "Welcome simplicity" has been widely approved by our customers. Indeed, our products:

- Make the housekeepers' life easier
- Guarantee comfort and cleanliness; hotels or resorts are happy to avoid all bad reviews on social media or booking platforms
- Are cost-effective, help reduce general costs of linen management
- We have a full range of sustainable products

Follow us on our website <http://easytex.uk/> and on LinkedIn: Easytex International

Creation date : 1937
Location : Mouvaux (59)

Turnover : 45 M€
Export turnover : 2,25 M€
Staff : 70 people

Export areas : DOM-TOM, Espagne, Portugal, Italie, Allemagne, Belgique, Pays-Bas, Luxembourg, Croatie, Etats-Unis, Emirats Arabes Unis ...

Projects & achievements :

- In partnership with Accor Southern Europe, Best Western, Louvre Hotel Group
- Co-development with Accor of reusable pillow and mattress protections used by all their brands
- Creation of the " collection program" in 2010 aiming to provide a recycling & upcycling solutions for our used products. More than 15 tons were collected this year, thanks to which, we created hangers and outdoor tables for our hotel or holiday parks customers.
- A foot in the US for the last 10 years through a local distributor
- Launch of WePlanet, our ambitious program to reduce our environmental impact and develop eco-conception of our products. For instance:
 - by reducing single use packaging from our best sellers, we have reduced plastic packaging by 65%
 - we chose to promote work integration by working with disabled people for our Welcome kits production
- 2022 : more than 12,000 customers in 10 different countries are trusting us

Company : BRC
Represented by : Alexandre DUVAL
Website : www.brca.com

Business overview :

BRC is the only French producer of flying insect control solutions and a leading manufacturer of innovative hygiene equipment such as 304 stainless steel sterilisation cupboards and sinks.

BRC Group offers high-end solutions to fight against pests and protect goods and people. It contributes to the professionalization of pest control services globally. The strategy of BRC is to develop sustainable and eco-designed products. The robustness of our designs makes it possible to extend the life of our products by offering solutions based on ultraviolet LEDs, which in addition contribute to the reduction of energy consumption.

BRC also designs and manufactures connected objects to support its customers by reducing the emissions generated of pest control agent driving to their customers. BRC Group participates with its distributor and service provider customers in improving hygiene conditions by integrating new and more virtuous technologies : alternative to the use of pesticides, reduction of energy consumption, limitation of the consumption of natural resources, reduction of the carbon footprint, recycling of materials, local production, sustainable Lean, and eco-design.

Creation date : 1943
Location : Bouaye

Turnover : 5,8 M€
Export turnover : 1,9 M€
Staff : 32 people

Export areas : Europe, Africa, Middle East, Oceania...

Projects & achievements :

BRC group is proud to have carried out projects during the health crisis to protect people by offering virucidal disinfection cabinets (high school in Ile de France for virtual reality helmets and opticians in France for glasses) in order to reduce the use of chemicals but also to improve the safety of their users and customers.

BRC Up (sister company) offers the HW system, a heating process against bedbugs. This non-chemical system, solely based on heat demonstrates the eco-responsible approach of BRC & BRC UP. A massive project have also been in place with our partners, to help fight against the bedbugs pestfree, in preparation of the Olympics 2024. Purification and air treatment are the pillars of development with the help of our R&D who is working on new products based on UVC LED technology. Internationally, the BRC group aims to conquer new markets, particularly in Eastern European countries and in Africa / Middle East.

Business overview :

LAROQ is a French sports equipment manufacturer made for professionals.

Initially oriented toward high-level sports, the company gradually spread its activity towards the fitness sector. LAROQ now offers a large panel of sports machines and accessories that range from physical preparation to performance to cardio training and fitness.

Every equipment has been developed in close collaboration with biomechanical specialists, athletes and recognized physical trainers. LAROQ machines are thus conceived to meet the needs of the most demanding users.

From the conception to the prototyping to welding, including the paintwork, assembly and upholstery, the overall production takes place on-site in the French region of Provence. This mastery of the entire manufacturing process allows us to go very far in the customization of various characteristics of the machines. This includes close attention to the upholstery, the frame colours or even the logos of the equipment.

Company : GHM
Represented by : Frédéric MINCK
Website : www.ghm.fr

Business overview :

GHM HAS BEEN FURNISHING PUBLIC SPACES SINCE 1837. GHM accompanies you on a daily basis in each of your hotel design projects. GHM is first and foremost a formidable creative force, backed up by unique manufacturing resources in the largest art foundry in Europe.

A RANGE OF OUTDOOR DESIGNED FURNITURE. Hotel guests spontaneously prefer shady terraces and gardens. The choice of outdoor furniture for hotels is therefore strategic. It must be of high quality and several criteria must be considered, such as design, ergonomics, coherence between the styles offered in the same establishment and the authenticity of the materials that make guests feel sensations when they use them. GHM offers a range of furniture and outdoor lighting solutions from renowned designers who are experts in the field. Tried and tested in the public space, our creations have a natural place in the very welcoming hotel spaces.

FRENCH MANUFACTURING, SUSTAINABLE AND RESPECTFUL. Our unique know-how is expressed by offering product ranges in cast iron, a process that allows for original shapes while offering a low carbon footprint due to its very high recyclability. Strong, resistant, and durable, GHM's furniture range is distinguished by its exceptional resistance qualities. GHM outdoor furniture lines offer outstanding physical comfort and chic visual harmony.

DECORATIVE HARDWARE. Since 1840, GHM has been involved in the architecture of buildings and facades thanks to the scope and diversification of its "decorative hardware" range, which was born in the Haussmann era. As the proud heir to the "Durenne" and "Val d'Osne" master forge, GHM has established its know-how as a designer and manufacturer. Today, the company has a large collection of cast iron products to meet your expectations in terms of building cast iron.

Company : Effervescence des Marques / Champagne Delphine Revillon

Represented by : Delphine REVILLON

Website : www.effervescencedesmarques.com / www.delphine-revillon.com

Delphine
REVILLON
CHAMPAGNE

L'EFFERVESCENCE
des Marques

Business overview :

Effervescence des marques was created in 2015 by Delphine REVILLON with her cellar master, Richard DAILLY and Nicolas LOONIS (owner Thaler capital) as partners, giving us a financial base to manage our stocks. We are creators of bespoke Cuvée de Champagne, customization of Champagne bottles and distributor of our Champagne Delphine REVILLON brand, with its feminine style representative of French elegance, notably through its Champagne Lace de Calais-Caudry collection, unique in the world and 100% French.

We're living in an era where ultra-customization makes sense, and where customers are looking for brand differentiation and belonging. Our expertise lies in promoting brands through the world of luxury Champagne.

The strength of Effervescence des Marques lies in its access to the entire Champagne terroir, enabling it to deliver on its promise to create Champagnes that perfectly translate a Brand's DNA. We give a Brand the opportunity to taste and capture the full customer experience of its own brand. Our cellar master has built a 7-step production process that facilitates exchanges and Champagne creation. Our organization makes it possible to create a Cuvée de Champagne in as little as 6 months, and to customize it in as little as 1 month. We are regularly asked to create personalized Champagne business gifts to make an impact on their customers. Each project is unique, and our creations are only examples.

Champagne brand Delphine REVILLON has created its own feminine universe, and its Champagne Dentelle collection establishes its identity, its style of refinement, character and modernity. The entire range is in Extra Brut.

And finally, we master the entire chain of creation, production, volume, international shipping and customs clearance.

Our 3 offers:

1/ Custom Champagne creation for luxury and premium brands.

2/ Champagne bottle personalization

3/ Distribution of Delphine REVILLON Champagnes.
